

KRIWA NATIONAL AI-CODING CHALLENGE 2026

"Focus on Roots, Not the Fruits"

1. ABOUT THE CHALLENGE

The KRIWA National AI-Coding Challenge is India's premier frontend development battle. In collaboration with **Airofly Academy & Faith Automation**, we aim to empower the next generation of developers to master the roots of code while leading the AI revolution.

2. THE 3-LEVEL JOURNEY

- **Level 1: The Vision (Feb 1st – Feb 25th):** Submit your 3-slide project PPT and register for starting just ₹99.
- **Level 2: The Golden Ticket (March 3rd):** The top ideas are selected for the Grand Finale based on innovation and feasibility.
- **Level 3: The Grand Build (March 15th):** Finalists compete in a high-stakes coding challenge to build their vision.

3. LEVEL 1: THE 3-SLIDE PPT STRUCTURE

To qualify for Level 2, participants must submit a 3-slide presentation:

1. **Slide 1: Identity & Problem:** Project Name, Team Details, and the specific problem you are solving.
2. **Slide 2: Tech & AI Strategy:** Your chosen tech stack (e.g., Tailwind, React) and how you will use AI (ChatGPT/Gemini) to assist your build.
3. **Slide 3: Visual Prototype:** A wireframe, Figma link, or a rough sketch of your intended UI.

Prize Pool & Recognition

-  **Grand Champion (1st Place):** ₹7,000 Cash Prize + Winner's Trophy + National Merit Certificate.
-  **Visionary Developer (2nd Place):** ₹5,000 Cash Prize + National Merit Certificate.
-  **Innovation Star (3rd Place):** ₹3,000 Cash Prize + National Merit Certificate.

KRIWA National AI-Coding Challenge: Official Themes

1.  **Theme 1: The "Personal AI-Analyst"**
Goal: Build a dashboard that takes user data (like expenses or study hours) and uses AI to provide personalized advice.
2.  **Theme 2: "Smart-Commerce"**
Goal: A landing page where an AI "Shopping Assistant" recommends products based on user preferences.
3.  **Theme 3: "Symptom-to-Step"**
Goal: A clean interface where users describe wellness concerns and receive AI-guided daily routines or hydration plans.
4.  **Theme 4: "Green-Prompt"**
Goal: A tool that calculates a user's carbon footprint and uses AI to suggest the top three lifestyle changes.
5.  **Theme 5: "AI Study Buddy"**
Goal: A platform where students upload their syllabus, and the UI generates an AI-driven customized study roadmap.
6.  **Theme 6: "Resume Architect"**
Goal: A professional frontend where users input their skills, and AI suggests the best layout and improvements for their portfolio.
7.  **Theme 7: "Urban Fixer"**
Goal: A community portal for reporting local issues (like potholes or trash) where AI categorizes and prioritizes the urgency of reports.

8. 🤖 **Theme 8: "Recipe Bot"**

Goal: An interactive kitchen assistant that suggests recipes based on the ingredients a user currently has in their fridge.

9. 🛡️ **Theme 9: "Cyber-Safe Portal"**

Goal: A tool that analyzes suspicious emails or links provided by the user and explains potential risks in simple terms.

10. 🎨 **Theme 10: "Portfolio Muse"**

Goal: A creative space for artists where AI suggests color palettes or layout themes based on the mood of their artwork.

Note :

1. "The decision of the KRIWA Judging Panel will be final and binding."
2. **File Naming:** TeamName_KRIWA2026.pdf
3. **Format:** Only PDF/PPTX format

🏆 **Additional Perks for All Participants:**

- **National Participation Certificates:** Every team that submits a Level 1 PPT will receive an official certificate authorized by KRIWA Group.
- **Internship Opportunities:** Top performers from the Grand Finale (Level 3) will be fast-tracked for internship roles with our partners, Airofly Academy & Faith Automation.
- **National Ranking:** Your project will be ranked among the top AI-coding talents in the country.

4. JUDGING CRITERIA

- **UI/UX Design (30%):** Modern aesthetics and user-friendliness.
- **AI Integration (30%):** Efficiency in using AI tools for development.
- **Code Quality (20%):** Clean, optimized, and scalable frontend structure.
- **Innovation (20%):** How unique is your solution to the problem?
